## Exciting Times!

Since my last prayer letter, a lot of exciting things have happened! My visa was approved in record time, and I was able to secure a plane ticket. Two weeks from now I will be on my way to the field! The pictures above show the stages of my packing process for the shipment that was sent out. Please pray that it arrives safely and without any damage.

I am enjoying these last few weeks with my friends and family. The folks in Peterborough are preparing for my arrival as well. Please pray that I will be able to find affordable housing in the right neighborhood for living and for the ministry. I look forward to updating you the next time from England, Lord willing! May the Lord bless you in your ministry and prayer support for me!

## Stay Tuned

I will make sure to share my new contact information with you as soon as I get it set up on the field. Until then, feel free to use my email address or contact the BWM home office if you need to contact me.
