

Deacon Vatau above and my son Salvatore below working on the bricks.

Meet our newest ABC family members. Bro. Glen and his family moved to our island from Australia last month. They live in the village of Faga which is an hour and forty minutes from us, but they make the ride every week in order to be in an independent Baptist Church. After talking to their pastor in Australia, I led the church to welcome Glen, Kuka, and their oldest daughter, Leai, to our church family by transfer of membership. God's timing is great. Brother Glen is a certified electrician with much construction experience.
