

Special Prayer Letter—Page 4 of 4

All these great projects and events along with Pastor Leatherman's preaching each night would result in over twenty salvation decisions and many more making important commitments at the altar each night. "Can Jesus use your boat?" the preacher pleaded. Many came forward to say, "Yes, indeed!" If He can place His fire and His Word in an little unimpressive, unattractive bush, can He use you, too? The altar was full with those saying, "Set my soul afire, Lord."

We had major challenges as the missions trip began and even more as it ended. Cyclone Gita visited our islands as the team was scheduled to leave. Emi and seven of our team members got across on the last boat before they cancelled all travel. Unfortunately, Pastor Cory and I, along with both vehicles and everyone's luggage got stuck on the wharf for the next three days. Three days of waiting at the wharf from 5 am until noon to see if any boats would go and three days without a change of clothes on the other side. Power outages, flight cancellations, flooded rooms, "running stomachs," etc. etc. Was it really worth it all? Ask any one of us on the team, and the answer will be the same. Absolutely. 100%. Without a doubt. Every one of us would publish with the voice of thanksgiving, and tell of all His wondrous works. Thank you for your prayers for the missions trip. God answered mightily. Now, please pray for good follow-up.

Your grateful friends,
Jim & Emi Civale
